

## BEFORE treatment

*Drink plenty of fluids the day before and the day of treatment to make sure you stay hydrated*

*Avoid caffeine and alcohol during this time—they can cause dehydration*

*Have enough reading materials or a TV nearby to help pass the time*

▼ STEP 2: Fold again along this dotted line ▼

## DURING treatment

*Your therapy will be given through a vein*

*Your blood pressure and temperature will be checked during treatment*

*Your infusion may take more than 2 hours*

▼ STEP 1: Fold along this dotted line ▼

## AFTER treatment

*You can continue with the regular activities of your day as tolerated*

*Write down any symptoms you may have to keep a record of how you are feeling*

*Contact your doctor, nurse, or pharmacist if you have any questions or become worried about side effects*

## WHAT TO EXPECT from your treatment

***Being prepared and knowing what to expect can be helpful***

These tips can help you prepare for treatment.

Follow the steps to fold this sheet along the dotted lines to make a handy bookmark.
