

## Specialty Pharmacy Distribution Network

Option  
1

Contact the specialty pharmacy directly  
(See next page for a list of specialty pharmacies.)

Contact the specialty pharmacy directly to fill the prescription if one of the following applies:

- Your office knows the patient’s specialty pharmacy
- Your patient knows that the specialty pharmacy is covered in his/her plan and that the pharmacy is in the treatment network
- Your office uses a specialty pharmacy that is in the patient’s network

### SPECIALTY PHARMACY ORDERING PROCESS

#### The provider’s office:

- Submits prescriptions to the specialty pharmacy via:

PHONE

FAX

INTERNET

- Submits any supporting documentation to the payer

#### The specialty pharmacy:

- Verifies the patient’s coverage
- Helps with prior authorization, if required
- Can help patients seek co-pay assistance
- Schedules shipment of product to the patient’s home
- Bills the payer for the cost of the product
- Bills the patient for remaining co-pay/coinsurance

Option  
2

If option 1 is not applicable, contact Pfizer Oncology Together

- Pfizer Oncology Together helps identify specialty pharmacy options for patients
- We can help patients identify financial support resources—regardless of their insurance coverage. Some options include co-pay assistance, help with finding coverage, and medication for free for eligible patients.\*
